HISTORY OF LE CORDON BLEU

Few institutions of any kind possess the prestigious reputation of Le Cordon Bleu. This internationally renowned culinary arts school is synonymous with expertise, innovation, tradition, and refinement – qualities that are meticulously nurtured by Le Cordon Bleu.

The Rich Heritage of Le Cordon Bleu

The name “Cordon Bleu” [meaning Blue Ribbon] is rich with history and heritage. It has been synonymous with excellence since 1578, when King Henry III created the “L’Ordre des Chevaliers du Saint Esprit” (The Order of the Holy Spirit). It was the most exclusive order in France until 1789. Because the members, royalty included, were awarded with the Cross of the Holy Spirit, which hung from a blue ribbon, they were called “Cordon Bleus”. The sumptuous banquets which accompanied their award ceremonies became legendary.

In 1895, Marthe Distel, a French journalist, founded a weekly culinary publication entitled “La Cuisinière Cordon Bleu,” which was published over the next seventy years and became the basis and reference for what is now perhaps one of the largest recipe collections in the world. It contributed to the codification of French Cuisine and in essence established some of the guiding principles of Le Cordon Bleu: informative demonstrations, hands-on teaching by experienced instructors, fine ingredients, and foundational techniques.

Following the popularity of the publication, the first Le Cordon Bleu school officially opened its doors as a culinary school in Paris in 1895. The first Cordon Bleu cooking class was held on January 14, 1896, in the Palais Royal. From the beginning, celebrated Chefs of the time came to teach at Le Cordon Bleu in Paris, including the legendary Chef Henri-Paul Pellaprat. The cooking classes were an immediate success. The reputation of the school spread rapidly worldwide. Students in the United States have been able to locally participate in Le Cordon Bleu inspired cooking courses since 1998 and share in this rich heritage.

Today, there are 30 Le Cordon Bleu schools worldwide, spanning 5 continents, including 17 campuses throughout the United States, each with students and alumni from culturally diverse backgrounds. Le Cordon Bleu in North America ushers in a new educational era in culinary arts, pâtisserie and baking, and hospitality & restaurant management that combines classical European techniques with contemporary American technology and training. As a result, students are afforded opportunities to acquire the knowledge and skills necessary in the culinary, pastry and baking, and hospitality world.

As a testament to their accomplishment, graduates will receive a coveted Le Cordon Bleu Diplôme, in addition to the specialized degree, diploma or certificate awarded by Le Cordon Bleu.

FINANCIAL AID PROGRAMS
Federal Pell Grant
This grant program is designed to assist needy undergraduate students who desire to continue their education beyond high school. Every student is entitled to apply for a Federal Pell Grant. Eligibility is determined by a standard federal formula, which takes into consideration family size, income and resources to determine need. The actual amount of the award is based upon the cost of attendance, enrollment status, and the amount of money appropriated by Congress to fund the program. The Federal Pell Grant makes it possible to provide a foundation of financial aid to help defray the cost of a postsecondary education. Unlike loans, the Federal Pell Grant does not usually have to be paid back.

Federal Supplemental Educational Opportunity Grant (FSEOG)
The FSEOG is a grant program for undergraduate students with exceptional need with priority given to students with Federal Pell Grant eligibility. The federal government allocates FSEOG funds to participating schools. This is a limited pool of funds and the school will determine to whom and how much it will award based on federal guidelines. Often, due to limited funding, FSEOG award resources are exhausted early in the year.

LOANS

Subsidized loans are based on need while unsubsidized loans are not. Repayment begins six months after the student graduates, withdraws from school, or falls below half-time enrollment status.

Federal Direct Parent-PLUS
The William D. Ford Federal Direct Parent-PLUS loan is available to parents of dependent undergraduate students. These loans are not based on need but when
combined with other resources, cannot exceed the student’s cost of education. A credit check on the parent borrower is required and either or both parents may borrow through this program. Repayment begins within 60 days of final disbursement of the loan within a loan period. However, parents may request a deferment of payments while the student is attending at least half time.

**STATE GRANT**

**The Monetary Award Program**
The Monetary Award Program (MAP) is a grant program funded by the State of Illinois. The MAP formula is used to distribute the appropriated grant funds so that the neediest students receive grant assistance. The MAP grant program provides grant assistance to eligible students demonstrating financial need.

Several components are used to determine eligibility. An applicant must be a legal resident of Illinois and meet the eligibility requirements as established by the State of Illinois. Funding for the MAP grant is limited; to ensure full year consideration for an award, an applicant must apply early.

All schools are required to announce MAP Grant awards to the students enrolled at their institutions, including students who are only eligible for a second semester/second and third quarter MAP award. Schools are required to clearly identify the awards on the award notification as: State of IL MAP Grant (Est). Schools are also required to include the following information with the award letter:

- By applying for financial aid and agreeing to share that information with the Illinois Student Assistance Commission (ISAC) you have been considered for the State of Illinois (IL) Monetary Award Program (MAP) Grant. If you were determined to meet the eligibility criteria for the MAP grant, an award is included on this
award letter. This award may be an estimate made by the financial aid office and, if so, is identified as a “State of IL MAP Grant (Est)”. MAP grants are limited based on the number of applicants and funding levels appropriated by the Illinois General Assembly. Please be aware that in light of state funding constraints, reductions to estimated or actual MAP grants are possible. Eligibility for a MAP grant is tracked by the equivalent number of semester credit hours of MAP benefits paid on your behalf.

This is called MAP Paid Credit Hours. Payment for each term is being made according to the equivalent number of credit hours eligible for MAP payment, with a minimum of 3 and a maximum of 15 MAP Paid Credit Hours.

There is a limit on the number of MAP Paid Credit Hours that can be paid while you are classified by your school as a freshman and sophomore. This limit is the equivalent of 75 MAP Paid Credit Hours.

If this maximum is reached, you must attain junior status for your MAP grant eligibility to resume. The maximum number of MAP Paid Credit Hours that can be received is capped at 135. If a State of IL MAP Grant (Est) is not included in your award letter, you are not eligible for the grant at LCB Chicago.

Refund Policy
Refunds are made for a student who withdraws or is withdrawn from Le Cordon Bleu College of Culinary Arts in Chicago prior to the completion of his/her program and is based on the tuition billed for the payment period in which the student withdraws, according to the schedule set forth below. Refunds will be based on the total charge incurred by the student at the time of withdrawal, not the amount the student has actually paid. Tuition and fees paid attributable to any payment period beyond the payment period of withdrawal will be refunded in full. There will be no further obligation for any charges attributed to any payment period beyond the payment period of withdrawal. Any books, equipment, and/or uniforms that have been issued are nonrefundable. When a student withdraws from the institution, he/she must complete a student withdrawal form with the Registrar. The date from which refunds will be determined is the last date of recorded attendance. Refunds will be made within 30 calendar days of the notification of an official withdrawal or date of determination of withdrawal by the institution. The student understands that if he/she withdraws or is withdrawn prior to the end of the payment period, he/she is subject to the Return of Title IV Funds policy noted below which may increase his/her balance due to Le Cordon Bleu College of Culinary Arts in Chicago. If there is a balance due to Le Cordon Bleu College of Culinary Arts in Chicago after all Title IV funds have been returned, this balance will be due immediately, unless a cash payment agreement for this balance has been approved by Le Cordon Bleu College of Culinary Arts in Chicago. Credit balances due to the student of less than $25 (after all refunds have been made) will not be refunded to the student/lender unless requested by the student.

In addition, there are no refunds on books and/or supplies provided to the student, or fees charged for any student who starts classes at the college and then later withdrawals.

Returning Student
If the student withdraws or is dismissed from the course of instruction or if this Agreement is otherwise terminated, a refund will be made according to the following rules:

### Return of Title IV Funds
A recipient of federal Title IV financial aid who withdraws or is dismissed from school during a payment period or period of enrollment in which the student began attendance will have the amount of Title IV funds he/she did not earn calculated according to federal regulations. This calculation will be based on the student’s last date of attendance and the date the school determines that the student has withdrawn from school (see Withdrawal Policy), or the date of dismissal for a student who is dismissed by the institution.

The period of time in which Title IV financial aid is earned for a payment period or period of enrollment is the number of calendar days the student has been enrolled for the payment period or period of enrollment up to the day the student withdrew, divided by the total calendar days in the payment period or period of enrollment. The percentage is multiplied by the amount of Title IV financial aid for which the Title IV financial aid was awarded to determine the amount of Title IV financial aid earned. The amount of Title IV financial aid that has not been earned for the payment period or period of enrollment, and must be returned, is the complement of the amount earned. The amount of Title IV financial aid earned and the amount of the Title IV financial aid not earned will be calculated based on the amount of Title IV financial aid that was disbursed for the payment period or period of enrollment upon which the calculation was based. A student will have earned 100% of the Title IV financial aid disbursed for the payment period or period of enrollment if the student withdrew after completing more than 60% of the payment period or period of enrollment.

For Return to Title IV (R2T4) purposes in a block/module based program, a student is considered to have withdrawn if he/she does not complete all of the days he/she was scheduled to complete in the payment period or period of enrollment. The R2T4 calculation is required for all students who have ceased attendance; other than those on an approved LOA, or those who have attested to an expected return to a future module within the same block/module.

Schools are required to determine Title IV funds that must be refunded based upon the percentage of the payment period completed prior to withdrawing. Title IV funds must be returned to the program based upon a tuition refund or if the student received an overpayment based upon costs not incurred but for which Title IV was received.

Once the amount of Title IV financial aid that was not earned has been calculated, federal regulations require that the school return Title IV funds disbursed for the payment period or period of enrollment and used for institutional costs in the following order:

1. Loans
   a. Unsubsidized Federal Direct Stafford Loans.
   b. Subsidized Federal Direct Stafford Loans.
2. Federal Direct PLUS loans received on behalf of the student.
4. Federal SEOG.
5. Other grant or loan assistance authorized by Title IV of the HEA.

If the amount of unearned Title IV financial aid disbursed exceeds the amount that is returned by the school, then the student (or parent, if a Federal Parent-PLUS Loan) must return or repay, as appropriate, the remaining grant and loan funds. The student (or parent, if a Federal Parent-PLUS Loan) will be notified of the amount that must be returned or paid back, as appropriate.

WITHDRAWAL DATE

The withdrawal date used to determine when the student is no longer enrolled at Le Cordon Bleu College of Culinary Arts in Chicago is the date indicated in written communication by the student to the Registrar’s office. If a student does not submit written notification, the school will determine the student’s withdrawal date based upon federal regulations and institutional records.

For federal student loan reporting purposes, the student’s last date of attendance will be reported as the effective date of withdrawal for both official withdrawals and those where the student does not complete the official withdrawal process.

Please note: The above policy may result in a reduction in school charges that is less than the amount of Title IV financial aid that must be returned. Therefore, the student may have an outstanding balance due the school that is greater than that which was owed prior to withdrawal.
ACADEMIC INFORMATION

DEFINITION OF A GRADING PERIOD
A grading period is defined as one (1)-six week module.

UNIT OF CREDIT
The quarter credit hour is the unit of academic measurement used by Le Cordon Bleu College of Culinary Arts in Chicago. A minimum of 10 lecture hours of not less than 50 minutes each plus outside reading and/or preparation; 20 laboratory hours; or 30 externship hours; or an appropriate combination of all three constitutes one (1) Quarter Credit hour.

DEFINITION OF A CREDIT HOUR
The institution awards Quarter Credit hours to reflect the successful completion of pre-determined course learning objectives and requirements. A Quarter Credit hour represents an institutionally established equivalency of work or learning corresponding to intended learning outcomes and verified by evidence of student achievement. The institution has established equivalencies that reasonably approximate expected learning outcomes resulting from the following time commitments:

1. One hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately 10 - 12 weeks, or the equivalent amount of work over a different amount of time; or
2. At least an equivalent amount of work required in paragraph (1) of this definition for other academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

FULL-TIME, PART-TIME AND OVERLOAD STATUS
Full-time students are academically defined by enrollment in 9 to 12 quarter credit hours and part-time students are defined by enrollment in less than 9 quarter credit hours*.

Enrolling in more than 12 quarter credit hours in a given block/module may constitute an overload.

*Enrollment status by quarter and academic year may affect a student's eligibility to receive financial aid.

TRANSFER OF CREDIT TO OTHER SCHOOLS
Le Cordon Bleu College of Culinary Arts in Chicago does not imply or guarantee that credits completed at Le Cordon Bleu College of Culinary Arts in Chicago will be accepted by or transferable to any other college, university, or institution, and it should not be assumed that any credits for any courses described in this catalog can be transferred to another institution. Each institution has its own policies governing the acceptance of credit from other institutions such as Le Cordon Bleu College of Culinary Arts in Chicago. Students seeking to transfer credits earned at Le Cordon Bleu College of Culinary Arts in Chicago to another institution should contact the other institution to which they seek admission to inquire as to that institution's policies on credit transfer.

TRANSFER OF CREDIT TO LE CORDON BLEU COLLEGE OF CULINARY ARTS IN CHICAGO
Students who previously attended an accredited college or university recognized by the U.S. Department of Education may be granted transfer credit, at the sole discretion of Le Cordon Bleu College of Culinary Arts in Chicago. Courses taken at the previous institution must be determined by Le Cordon Bleu College of Culinary Arts in Chicago to be sufficiently equivalent to courses offered at Le Cordon Bleu College of Culinary Arts in Chicago. In addition, Le Cordon Bleu College of Culinary Arts in Chicago must determine that those courses are applicable to their program of study at Le Cordon Bleu College of Culinary Arts in Chicago. Only courses in which the student earned a grade of ‘C’ or above will be considered for transfer. Students seeking to transfer credit are responsible for having official transcripts forwarded to Le Cordon Bleu College of Culinary Arts in Chicago for review. Students may also be required to submit a school catalog. Students must petition for transfer credit with the Associate Registrar as soon as possible after admission. It is recommended that all prior coursework be submitted prior to matriculation, but no later than the end of registration for the student’s first block of study.

Students who receive transfer credit will have the program tuition charge prorated based upon the remaining number of credits the student must earn in order to graduate. The Business Office will make the appropriate tuition adjustment.

RESIDENCY
Students are required to earn a minimum of 50 percent of their credits in residence at Le Cordon Bleu College of Culinary Arts in Chicago. Students transferring from another Le Cordon Bleu College or Institute around the country may be allowed to carry in more program credits at the discretion of the Director of Education but would be required to earn a minimum of 25 percent of their credits in residence at Le Cordon Bleu College of Culinary Arts in Chicago.

ATTENDANCE
Regular classroom attendance is not only an essential ingredient for academic achievement, but is also a fundamental building block for success in the hospitality industry after graduation. As part of the course requirements, students must attend at least 80 percent of the scheduled time for each course in order to achieve satisfactory attendance.

Students in any of the externship courses are required to complete all scheduled hours and record attendance throughout the scheduled course to achieve satisfactory attendance. Students who do not achieve satisfactory attendance may earn a failing grade on their
transcripts and may be required to repeat the course. Absences will include tardiness or early departures. Students who are not in attendance for any portion of a class will accrue time absent calculated in percentage increments of 25, 50, or 100 percent of the class period as reflected on each daily roster. Students who have been absent from all their scheduled classes for more than 21 consecutive calendar days, not including scheduled college holidays or breaks, and/or students who officially withdraw from all current courses will be administratively withdrawn from the college.

Any student who is unable to attend classes or to participate in any examination, study, or work requirement because of religious beliefs or observances will be excused and permitted to make up the absence. The student must provide 3 days advance notice to the school.

MAKE-UP POLICY

Students at Le Cordon Bleu College of Culinary Arts in Chicago will have two (2) weeks from the end of any 6-week block to present make-up work. Upon satisfactory acceptance of the student’s make-up work, the instructor will present (if warranted) a grade change form to the Registrar’s office.

In the event of an absence, it is the student’s responsibility to obtain the missed information from a fellow student or to meet with the Instructor. If the student is absent from class, points may be lost in one or all of the day’s grading criteria, depending on the day’s lesson plan. The student should check with their instructor immediately following an absence to obtain any necessary information.

GRADING SYSTEM

Grade reports are available to students online through the Student Portal at the completion of each block/module. Course grades are based on the quality of work as shown by written tests, laboratory work, term papers, and projects as indicated on the course syllabus. Earned quality points are calculated for each course by multiplying the quality point value for the grade received for the course times the credit hour value of the course. For example, a 4.0 credit course with a grade of ‘B’ would earn 12.0 quality points [credit value of course (4) times quality point value of ‘B’ (3)]. The Cumulative Grade Point Average (CGPA) is calculated by dividing the total earned quality points by the total credits completed.

APPLICATION OF GRADES AND CREDITS

The grade chart above describes the impact of each grade on the student’s academic progress. For calculating rate of progress, grades of ‘F’ (failure), ‘W’ (withdrawn) are counted as hours attempted, but are not counted as hours successfully completed. Students who wish to withdraw from a course at any time need to fill out a Course Withdrawal Form available in the Registrar’s office. Courses the student officially drops before the third course meeting will have no record of the course on their transcript. Students who withdraw during the last scheduled calendar week of the class, and have a date of attendance (LDA) for the class during the last calendar week of the scheduled course, will receive the grade earned calculated as a final grade. A Course Withdrawal Form or Withdrawal Routing Spreadsheet is completed by campus officials when awarding ‘W’ Grades.

‘W’ Grades are also awarded when students do not complete externship courses within a school’s designated grading period; when students do not successfully meet course attendance requirements; and when students do not return to school from a leave of absence. Please refer to the individual Externship Management, Attendance, and Leave of Absence policies for details.

Students in externships will be awarded either a ‘P’ (pass) or ‘F’ (failure) upon completion. Prior to starting an externship, a student must have a cumulative grade point average (CGPA) of 2.0 or better.

The student must repeat any required course in which a grade of ‘F’ or ‘W’ is received. Students will only be allowed to repeat courses in which they received a ‘D’ or below. In the case of a ‘D’ or ‘F’, the better of the two

grades is calculated into the CGPA. The lower grade will include a double asterisk indicating that the course has been repeated. Both original and repeated credits will be counted as attempted credits in rate of progress calculations. Federal financial aid may only be used for one repeat of a previously passed course.

A fee will be charged to repeat a class (see addendum for details).

To receive an incomplete (‘I’) grade, the student must petition the course instructor to receive an extension to complete the required coursework. The instructor must approve the request within three business days of the student’s written request, but no later than the last day of class. The student must be satisfactorily passing the course at the time of the petition. Should a student fail to complete the unfulfilled coursework requirements within 14 calendar days from the start of the subsequent grading period, the incomplete grade will be converted to the grade the students earned in the class, inclusive of “0” points for the incomplete work.

A student who disagrees with a grade he or she has received should contact the course Instructor immediately to discuss the concern. If the dispute is unresolved, the student must submit a written appeal within 14 calendar days from the end of the grading period to the campus Director of Education. The student’s appeal must include the reason he or she is appealing the grade and must be signed and dated. The student must also provide documentation supporting the appeal (if applicable) with the written request. A decision regarding the appeal will be made within five business days of receipt. Students will be notified in writing of the decision.

PROFICIENCY CREDIT
Le Cordon Bleu College of Culinary Arts in Chicago may offer the opportunity for students to demonstrate proficiency in a course and receive course credit by an examination generally known as a “test out.” A request from a student for a test out will be granted if an examination is available and the Director of Education or designee has reason to believe the student’s experience or previous education warrants such an evaluation. Students must earn a score of 85% or better on the test in order to receive course credit. Proficiency examination requests will not be honored for a student if:

- The student is currently attending the course.
- The student previously attended the course for which the exam is being requested.
- The student previously failed the proficiency exam for that course.

Proficiency credit is noted on the student’s transcript with a ‘PR.’ Proficiency credits are not calculated in the GPA or CGPA, but are calculated into the rate of progress. If a student receives proficiency credit and later enrolls in the course, the grade earned in the course will be calculated in the GPA, CGPA, and rate of progress. All tests and supporting documentation for proficiency credit will be retained in the student’s academic file.

Proficiency credit is also granted for LCBC100 – College Success if student completed an associate degree or higher at an accredited postsecondary institution.

NATIONAL PROFICIENCY EXAMS
Proficiency credit, recorded as ‘PR’ on the transcript, for certain courses may be granted to students who achieve acceptable scores on specific nationally recognized exams such as CLEP, Advanced Placement (AP), and DANTES. The American Council on Education (ACE) recommendations are used when awarding CLEP or DANTES credit. Credit for AP coursework is based solely upon the student’s performance on the national examination administered by the College Board. A score of three (3) or better on the AP examination is required for proficiency credit.

AUDITING A COURSE
If space permits, a graduate may audit any course within his/her program of study. Graduates auditing courses are expected to fully participate in the course and class attendance is required. Tuition for auditing a course is waived for graduates of the college. Students may be required to purchase textbooks, uniforms, etc. for the audited course. Financial aid is not applicable. Courses students audit will be reflected with an ‘AU’ grade on the transcript.

ADD/DROP PERIOD
Within the add/drop period students are allowed to make modifications to their schedules without incurring any academic or financial penalty. The drop/add period of each module is three (3) days.

STANDARDS OF SATISFACTORY ACADEMIC PROGRESS (SAP)
All students must maintain satisfactory academic progress in order to remain in attendance at Le Cordon Bleu College of Culinary Arts in Chicago. Additionally, satisfactory academic progress must be maintained in order to maintain eligibility to receive financial assistance (e.g., federal and state aid). Satisfactory academic progress is determined by measuring the student’s cumulative grade point average (CGPA) and the student’s rate of progress toward completion of the academic program at the end of each grading period. The grading period is defined as one (1) six-week module. Both the CGPA and ROP standards must be met in order to be considered to be making satisfactory academic progress. These standards are outlined below.

CUMULATIVE GRADE POINT AVERAGE (CGPA) REQUIREMENTS
Students must meet minimum CGPA requirements at specific points throughout the program in order to be considered making satisfactory academic progress. These requirements are noted in the tables below. These will be reviewed at the end of each grading period after grades have been posted to determine if the student’s CGPA is in compliance. Once the student reaches a review point, the minimum CGPA for that level must be maintained until the next level of review.
RATE OF PROGRESS (ROP) TOWARD COMPLETION REQUIREMENTS

In addition to the CGPA requirements, a student must maintain the minimum rate of progress percentage requirement in order to be considered to be making satisfactory academic progress. The rate of progress percentage is calculated by dividing the credits earned by the credits attempted. Credits attempted are defined as those credits required in the student’s program of study including credits that were transferred from other approved institutions and proficiency credits earned. As with the determination of CGPA, the completion requirements will be reviewed at the end of each grading period after grades have been posted to determine if the student is progressing satisfactorily.

HOW TRANSFER CREDITS/CHANGE OF PROGRAM AFFECT SATISFACTORY ACADEMIC PROGRESS (SAP)

Credit that has been transferred into the institution by the student is included in the Rate of Progress calculation; however it has no effect on the grade point average requirement for SAP. Transfer credit is also considered when computing the maximum timeframe allowed for a program of study. For example, a student transfers from institution A to institution B. The student is able to transfer 30 credits earned at institution A into a program at institution B. The program requires 180 credits to graduate. Thus, the maximum timeframe for this student’s new program at institution B will be one-and-a-half times (150%) x 180 = 270 credits. The 30 transfer hours will be included in the attempted and earned hours when the maximum timeframe and rate of progress is being calculated.

When a student elects to change a program or enroll in a higher credential at Le Cordon Bleu College of Culinary Arts in Chicago, the student’s earned credits and grades will be transferred into the new program as applicable, including transfer credit. Credits earned at the school in the original program of study that apply to the new program of study will be used when computing grade point average, rate of progress and maximum timeframe. Transfer credits from another institution that are applicable to the new program of study will not be calculated in the grade point average but will be considered as credits attempted and earned in the maximum timeframe and rate of progress calculations. For example, a student transfers from program A to program B. The student is able to transfer 30 external credits and 10 credits earned in program A into program B. Program B requires 180 credits to graduate. Thus, the maximum timeframe for this student’s new program will be one-and-a-half times (150%) x 180 = 270 credits.

WARNING AND PROBATIONARY PERIODS

At the end of each grading period (one 6-week module) after grades have been posted, each student’s CGPA and rate of progress is reviewed to determine whether the student is meeting the above requirements.

- A student will be placed on FA Warning immediately after the first term in which the CGPA or the rate of progress falls below the values specified in the tables above. At the end of the next term, the student will be removed from FA Warning and returned to SAP Met Status if the minimum standards are met or exceeded.

- A student who successfully appeals and is on FA Probation will be evaluated at the end of the next grading period.

- A student who meets or exceeds the minimum standards will be removed from FA Probation and returned to a SAP Met status. If the minimum CGPA and rate of progress requirements are not met at the

MAXIMUM TIME IN WHICH TO COMPLETE

A student is not allowed to attempt more than 1.5 times, or 150%, of the number of credits in their program of study. The requirements for rate of progress are to assure that students are progressing at a rate at which they will complete their programs within the maximum timeframe.

time of evaluation; the student will be placed on FA Dismissal Status and will be dismissed from school unless terms of the academic plan are met.

If at any point it can be determined that it is mathematically impossible for a student to meet the minimum requirements, the student will be dismissed from the school.

Notification of academic dismissal will be in writing. The Code of Conduct Policy section of this catalog describes other circumstances that could lead to student dismissal for non-academic reasons. A tuition refund may be due in accordance with the institution’s stated refund policy.

During the period of FA Warning, which lasts for one payment period only the student may continue to receive financial aid. During a period of FA Probation, if an appeal is accepted by the institution, the student may also continue to receive financial aid.

A student on FA Warning and FA Probation must participate in academic advising as deemed necessary by the institution as a condition of academic monitoring. A student who fails to comply with these requirements may be subject to dismissal even though their CGPA or rate of progress may be above the dismissal levels.

APPEAL
A student who has been placed on FA Probation may appeal the determination if special or mitigating circumstances exist. If you are an active student, any appeal must be in writing and must be submitted to the Appeals Board within 5 days of receiving notification of his/her dismissal. If you are withdrawn and wish to re-enter your program, you must submit an appeal in order to move forward. The student must explain what type of circumstances contributed to the academic problem and what action is being implemented to overcome the mitigating circumstance in the future. The decision of Appeals Board is final and may not be further appealed.

For the appeal of non-academic dismissals, please refer to the grievance policy within this catalog.

REINSTATEMENT
A student who was previously academically dismissed may apply for reinstatement to the institution by submitting a written appeal to the Appeals Board. The appeal should be in the form of a letter explaining the reasons why the student should be readmitted. The decision regarding readmission will be based upon factors such as grades, attendance, student account balance, conduct, and the student’s commitment to complete the program. Dismissed students who are readmitted will sign a new Enrollment Agreement, will be charged tuition consistent with the existing published rate, and financial aid may be available to those who qualify.

GRADUATION REQUIREMENTS
To graduate, a student must have earned a minimum of a 2.0 cumulative grade point average and must have successfully completed all required credits within the maximum credits that may be attempted. Students must also be current on all financial obligations to receive official transcripts.

In order to be eligible to participate in the graduation ceremony, students must have completed all the requirements for graduation. Exceptions to this may be made for students who are scheduled to complete the published requirements for graduation within the grading period following the graduation ceremony. The actual credential and official transcript will not be issued until all final credits are completed and graduation requirements have been fulfilled.

GRADUATING UNDER EARLIER CATALOGS
Any student may graduate under the graduation requirements in effect at the time of graduation. The institution policy on use of earlier graduation requirements also provides that if fewer than ten years have elapsed since a student’s admission into the program, she or he may choose to graduate under the program requirements in effect at the time of admission, or under any subsequent requirements.

ACADEMIC HONORS
Academic honors are a formal recognition of academic achievement in a particular academic progress period (herein identified as “block”) or upon graduation from an undergraduate program of study. Graduation honor status is noted on the student’s transcript.

BLOCK HONORS
A student achieving a block grade point average (GPA) of 3.5 – 4.0 is recognized by the institution as receiving honors. To be eligible for honors status, a student must be enrolled in classes applicable toward graduation at least on a half-time basis. Non-degree seeking students are not eligible for academic honors. The following indicates the various block honors categories and their requirements:

- President’s List 3.75 – 4.00 Cumulative GPA
- Director of Education’s List 3.50 – 3.74 Cumulative GPA

GRADUATION HONORS
A graduate from an Associate or Certificate program who has a cumulative grade point average (CGPA) of at least 3.50 is eligible to graduate “with Honors”:

- High Honors 3.75 – 4.00 Cumulative GPA
- Honors 3.50 – 3.74 Cumulative GPA

Following is a set of guiding principles for behavior which is based on the values of honesty, respect, responsibility, fairness and trust (Center For Academic Integrity, 1999). It is a commitment that the members of the community will treat everyone with these characteristics promoting the highest standards of a safe and healthy environment. Many student complaints can be resolved through discussion with the appropriate instructor or staff member and the use of this grievance procedure, and we encourage students to make contact at the first indication of a problem or concern.

This section describes the steps the student should follow so that the problem can be fully and fairly investigated and addressed. The student will not be bound by any resolution unless the student agrees to accept it. If the student does not accept a proposed conclusion or resolution, then the student may pursue the matter in arbitration as provided for in the student’s Enrollment Agreement. However, the student must pursue his or her claim through this grievance procedure first.

Please note that this grievance procedure is intended for problems concerning a student’s recruitment, enrollment, attendance, education, financial aid assistance, or career service assistance, or the educational process or other school matters. It does not apply to student complaints or grievances regarding grades or sexual harassment, which are addressed in other sections of this catalog.

We will receive all information submitted by the student concerning a grievance in strict confidence and we and the student agree to maintain confidentiality in the grievance procedures. We will investigate all complaints or grievances fully and promptly. So long as the student pursues this grievance procedure to its conclusion, the period during which the student is pursuing this process will not count toward any statute of limitations relating to the student’s claims.

Step 1 – Grievances or complaints involving an individual instructor or staff member should first be discussed with the individual involved. Grievances or complaints involving a policy or class should first be discussed with the individual enforcing that policy, the class instructor, or the Department Chair. Alternatively, the student may submit the complaint to the campus Director of Education.

Step 2 – If the matter is not resolved to the student’s satisfaction in Step 1, the student may submit a written, dated and signed statement of the grievance or complaint and a description of the actions that have taken place thus far to the next level of authority directly or through the President.

Step 3 – If the matter is not resolved to the student’s satisfaction in Step 2, the student’s next step is to submit a written, dated and signed statement to the campus President. Within five (5) days of the President’s receipt of the written statement, the President
will arrange to preliminarily meeting with the student to discuss the grievance, and the President will thereafter conduct an investigation, including providing the student with a full and fair opportunity to present evidence relevant to the matter. The President will render his/her decision in writing within ten (10) business days after concluding his/her investigation, setting out the President’s findings, conclusions, and reasoning. The President’s decision will be final. The student’s written complaint, together with the President’s decision, will become a permanent part of the files of the parties involved.

GENERAL
This grievance procedure is designed to address problems promptly and without undue delay. In order to achieve that, the student must initiate Step 1 within ten (10) business days of the incident or circumstance(s) giving rise to the complaint, and must initiate each other Step within ten (10) business days after receiving a response or if more than twenty (20) business days have passed with no response. If the student fails to take any of the steps in this procedure within the required time frames, then the student will be deemed to have accepted the resolution last proposed by Le Cordon Bleu College of Culinary Arts in Chicago. If the school fails to act within the time frames set forth in these procedures can be extended by mutual consent of Le Cordon Bleu College of Culinary Arts in Chicago. In December 2015 LCB announced that it is winding down operations and engaging in a teach-out of the institution. LCB anticipates that the institution will close in September 2017. As of January 5, 2016, LCB is no longer offering any programs listed in this catalog to new students. LCB is allowing current students to complete their existing program of study and international students not eligible to participate in Federal Student Aid programs to reenter. LCB is no longer allowing any other former students to re-enroll. The LCB teach-out notification and each student’s Program Completion Plan supersedes policies contained in this catalog.

<td>Application of Grades and Credits</td>

Replace current policy with the following (new language is underlined):

The grade chart above describes the impact of each grade on the student’s academic progress. For calculating rate of progress, grades of ‘F’ (failure) and, ‘W’ (withdrawn are counted as hours attempted, but are not counted as hours successfully completed). Students who wish to withdraw from a course at any time need to fill out a Course Withdrawal Form available in the Registrar’s office. Students who withdraw from a course may not be able to complete their program of study before the campus closes based on course offerings and/or the expected date of campus closure. Courses the student officially drops during the add/drop period will have no record of the course on their transcript.

A “W” Grade indicates that a student has been withdrawn from a course. Students who withdraw from a course during the add/drop period will be unregistered from the course. Students who withdraw from a course after the add/drop period but before the last calendar week of the scheduled course will receive a grade of “W”. Students who withdraw during the last scheduled calendar week of the class, and have a date of attendance (LDA) for the class during the last calendar week of the scheduled course, will receive the grade earned calculated as a final grade.

“W” Grades are also awarded when students do not complete externship courses within a school’s designated grading period; when students do not successfully meet course attendance requirements; and when students do not return to school from a leave of absence. Please refer to the individual Attendance and Leave Of Absence policies for details.

The student must repeat any required course in which a grade of ‘F’ or ‘W’ is received. However, failing to successfully complete a class when offered will likely prevent a student from graduating before the campus closes.
Since Le Cordon Bleu is winding down operations, once a course is offered for the final time, it will NOT be offered again. Students will only be allowed to repeat courses in which they received a ‘D’ or below, if their CGPA is <2.0 before going out on Externship or <2.0 by the time they complete the program and cannot graduate, or with Director of Education Approval. In the case of a ‘D’ or ‘F’, the better of the two grades is calculated into the CGPA. The lower grade will include a double asterisk indicating that the course has been repeated. Both original and repeated credits will be counted as attempted credits in rate of progress calculations. Federal financial aid may only be used for one repeat of a previously passed course.

A fee will be charged to repeat a class (see addendum for details). To receive an Incomplete (I) grade, the student must petition the course Instructor to receive an extension to complete the required coursework. The Instructor must approve the request within three business days of the student’s written request, but no later than the last day of class. Should a student fail to complete the unfulfilled coursework requirements within 14 calendar days from the start of the subsequent grading period, the Incomplete grade will be converted to the grade the student earned in the class, inclusive of “0” points for the incomplete work.

A student who disagrees with a grade received should contact the course Instructor immediately to discuss the concern. If the dispute is unresolved, the student may submit a written appeal. If the student submits a written appeal this must include the reason why with supporting documentation, if applicable and should be signed and dated. A decision regarding the appeal will be made within five business days of receipt. Students will be notified in writing of the decision.

‘TC’ and ‘PR’ credits are included in the maximum time frame in which to complete and the rate of progress calculation, but are not counted in the CGPA.

**Extership Management**

If the student requires more than the allotted time to complete the externship, an “I” grade can be awarded if the student petitions 2 days prior to the course end date and had been approved for the “I” grade by the campus official. “W” Grades are awarded when students do not complete externship course(s) within a school’s designated grading period at the time grades are due if he student have not petitioned and received approval for an “I” grade. If a student is terminated or quits their externship, they are awarded an “F” grade, unless there are documented extended circumstances. Students that are awarded an “F” or “W” grade for externship are rescheduled for the same externship course and their anticipated graduation date is updated accordingly.

_Replace current policy with the following (new language is underlined):_

A student is not allowed to attempt more than 1.5 times, or 150%, of the number of credits in their program of study. The requirements for rate of progress are to assure that students are progressing at a rate at which they will complete their programs within the maximum timeframe.

In addition, since the campus is in teach-out and, some students attending during the teach-out will not have the opportunity to attempt up to 150% of the number of credits in their program of study. If a student does not complete their program requirements as detailed on their Program Completion Plan, it is highly unlikely that they will complete their program of study before the campus closes. If a student does not complete their program of study before the campus closes, they will be unable to earn a credential from Le Cordon Bleu.

Notification of academic dismissal will be in writing. The Code of Conduct Policy section of this catalog describes other circumstances that could lead to student dismissal for nonacademic reasons. In order to be eligible to participate in the graduation ceremony, students must have completed all the requirements for graduation. </table>

For the Le Cordon Bleu campuses in: Atlanta, Chicago, Los Angeles, Minneapolis/St. Paul, Portland, Sacramento, Seattle and St. Louis, the current policy language is replaced with the following:
An approved Leave of Absence (LOA) is a temporary interruption in a student’s academic attendance for a specific period of time in an ongoing program.

**Leave of Absence Conditions**
A student may be eligible for a Leave of Absence if one of the following conditions applies:
- Medical Leave (including pregnancy)
- Family Care (childcare issues, loss of family member, or medical care of family)
- Military Duty
- Jury Duty
- Courses Not Offered/College Related

The following requirements apply:
A student may be granted a Leave of Absence (LOA) if:
- A signed LOA request that includes the reason for the request is submitted in writing within 5 calendar days of the student’s last date of attendance, or within the first 5 calendar days of the start of a new module.
- If extenuating circumstances prevent the student from providing a written request within 5 calendar days of the student’s last day of attendance, the institution may still be able to grant the student’s request. A signed LOA request must be provided by the last day in the school’s attendance policy (see attendance policy section) along with documentation explaining the extenuating circumstance(s) that prevented submitting the request within 5 calendar days of the last date of attendance. Extenuating circumstances are typically unexpected events, such as premature delivery of a child, illness, a medical condition that deteriorates, an accident or injury or a sudden change in childcare arrangements. Students may request multiple LOAs, but the total number of days the student remains on LOA may not exceed 180 days during a consecutive 12-month time frame.
• The student must have successfully completed a minimum of one module.
• The student must have successfully completed a minimum of one module before being eligible to apply for an LOA.
• Prior to applying for an LOA, the student must have completed his or her most recent module and received an academic grade or grades (A-F, P) for that module.
• The student must be in good academic standing in order to be eligible to take an LOA. Students with a SAP status of FA Probation, and FA Dismissal are not eligible for LOAs nor can the student take an LOA if the result will be the student falling into one of those SAP statuses prior to return.
• The student must be able to return from the LOA and complete their program requirements as detailed on their Program Completion Plan within the teach-out period based upon scheduled course offerings.

Failure to return from an approved leave of absence or failure to return within the 180 day timeframe will result in the student being administratively withdrawn from the school and may have an impact on the financial aid a student receives, loan repayment and exhaustion of the loan grace period. If a student does not complete their program requirements as detailed on their Program Completion Plan, it is highly unlikely that they will complete their program of study before the campus closes. If a student does not complete their program of study before the campus closes, they will be unable to earn a credential from Le Cordon Bleu. A student in an LOA status will not receive further financial aid disbursements (if eligible) until returning to active status. Contact the financial aid office for more information about the impact of an LOA on financial aid.
