Standard full-time undergraduate program length is based on an average of 15 credit hours per quarter. For Associate Program, four quarters at 13.5 credits and two quarters at 18 credits = 90 credits. For Bachelor's Program, eight quarters at 13.5 credits and four quarters at 18 credits = 180 credits. Taking additional courses will increase program length, program tuition, and total program costs.</li> <li>3.
